BEFORE ARRIVING TO ESEIAAT

Which subjects can I choose to fill my Learning Agreement?

You can choose subjects of any course and degree (from the first course of the degree till the fourth course), but your University has to accept it. If you choose subjects from different degrees and courses it is possible that some of them overlap each other. You will have to check the timetables available at the webpage and choose the groups that best fit to your preferences before doing the enrolment. If you have doubts you can ask for help to your Erasmus Buddy or also request information at the ARE (Àrea de Relacions Externes).

Are there different subjects for Winter semester and spring semester?

Yes. Subjects done in Q1, Q3, Q5 and Q7 are taught in the Winter semester (From September to January). Subjects done in Q2, Q4, Q6 and Q8 are taught in the spring semester (from February to June).
